BOSTON:
WRIGHT & POTTER, STATE PRINTERS,
No. 4 SPRING LANE.
1864.

Commonwealth of Massachusetts.

SECRETARY'S OFFICE, BOSTON, 1864.

To the Honorable Senate and House of Representatives :

In accordance with the provisions of section 4, chapter 168, of the statutes of 1861, I respectfully submit "for the use of the legislature, the Aggregate Returns from the Cities and Towns of the Commonwealth arranged by Counties, so as to exhibit the total valuation of the Towns, Cities, Counties, and State" on the first day of May, 1863.

The law requiring these aggregates to be made went into operation in 1861. This, therefore, is the third annual return which has been tabulated. By a comparison with the first report, it will be seen that the Tax in the several cities and towns in the Commonwealth has been increased during that period from seven millions six hundred thousand five hundred and one dollars twenty-eight cents, to ten millions five hundred ninety-nine thousand ninety-seven dollars and twenty-two cents. The valuation of property has risen from eight hundred sixty-one millions five hundred and forty-seven thousand five hundred eighty-three dollars, to eight hundred ninety-seven million one hundred fifty thousand nine hundred eighty-three dollars. The number of dwelling-houses has been increased over five thousand, of horses, one thousand, of cows, nine thousand, and of sheep, over seventy thousand.

Very respectfully,

OLIVER WARNER,

Secretary.

AGGREGATES

OF

POLLS, PROPERTY, TAXES, &C.,

AS ASSESSED

MAY 1, 1864.

COMPILED

BY OLIVER WARNER,

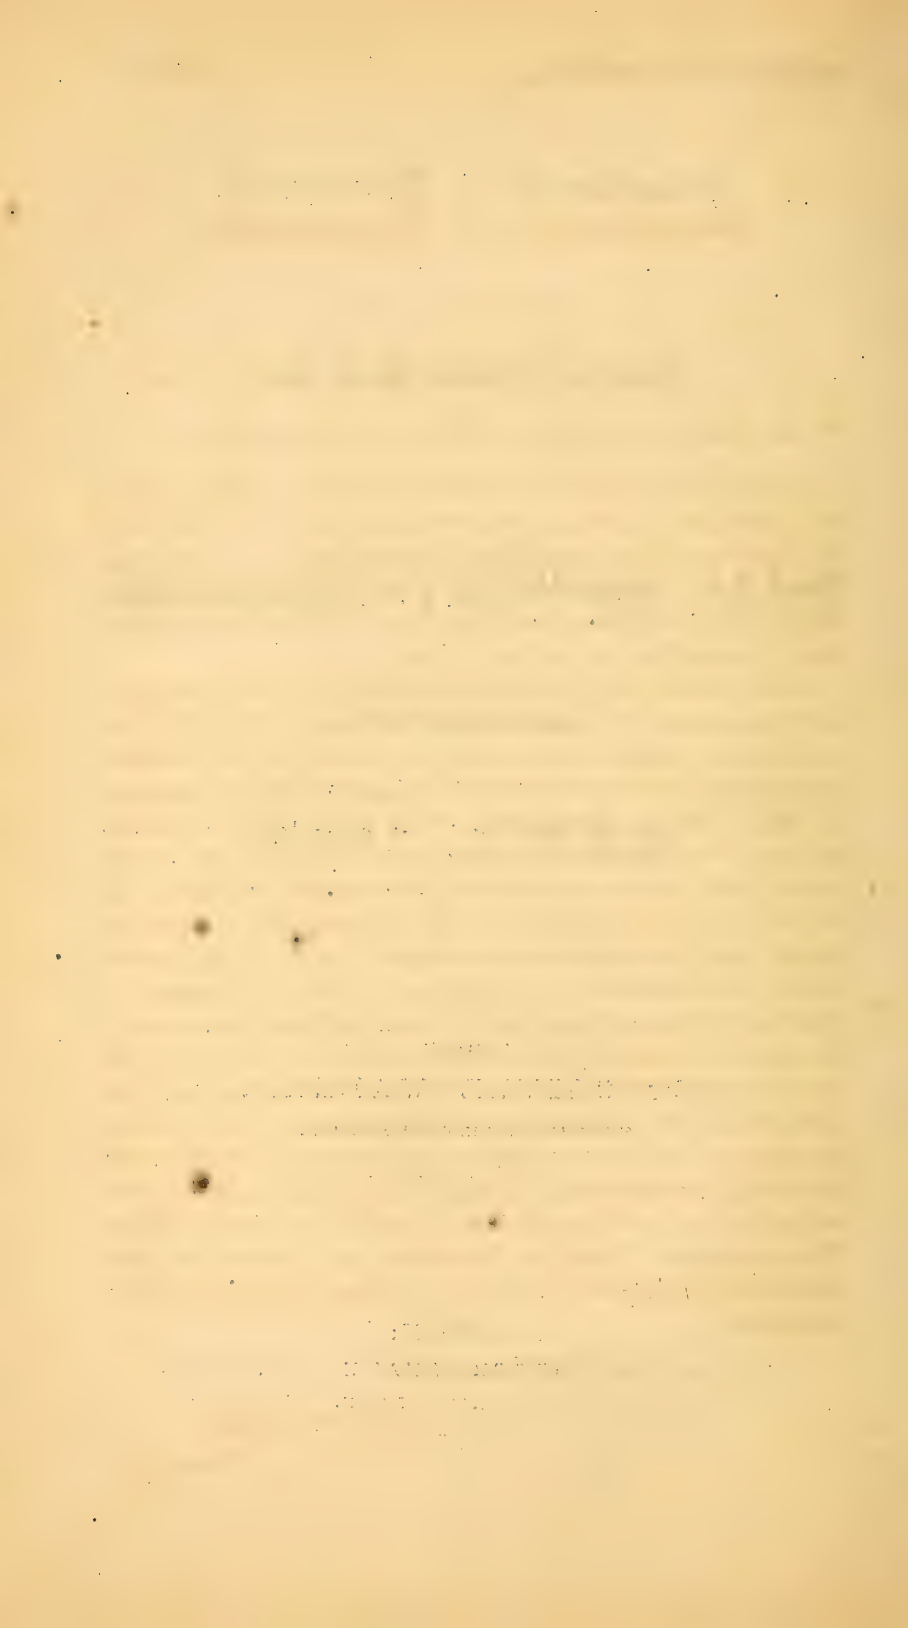

SECRETARY OF THE COMMONWEALTH.

BOSTON:

WRIGHT & POTTER, STATE PRINTERS, .

No. 4 SPRING LANE.

1865.

Commonwealth of Massachusetts.

SECRETARY'S OFFICE, BOSTON, January, 1865.

To the Honorable Senate and House of Representatives :

In accordance with the provisions of section 4, chapter 168, of the statutes of 1861, I respectfully submit "for the use of the legislature, the Aggregate Returns from the Cities and Towns of the Commonwealth arranged by Counties, so as to exhibit the total valuation of the Towns, Cities, Counties, and State" on the first day of May, 1864.

It will be observed by the recapitulation of these Aggregates, that the amount of personal property as herein exhibited shows a decrease of eighteen million nine hundred and fifteen thousand four hundred and twenty dollars as compared with the valuation of 1863. This is apparant rather than actual, being accounted for by the fact, that under the provisions of chapter 208, of the Acts of 1864, the several assessors were required to return the value of all corporate stocks to the treasurer of the Commonwealth, and these stocks were exempted from municipal assessment. Notwithstanding the omission of stock in corporations which has in former years been included in these Aggregates to the amount of forty or fifty million dollars, the total valuation of the Commonwealth has been increased during the last year by the sum of four million seven hundred and thirty-two thousand one hundred and twenty dollars, the county of Suffolk alone increasing its total valuation, twenty-nine million seven hundred and seventy-seven thousand three hundred and eleven dollars. The counties of Franklin, Hampden, and Hampshire have also made an increase, while all the other counties have been diminished.

Very respectfully,

OLIVER WARNER,

Secretary.

Commonwealth of Massachusetts.

SECRETARY'S OFFICE, BOSTON, 1865.

To the Honorable Senate and House of Representatives :

In accordance with the provisions of section 4, chapter 168, of the statutes of 1861, I respectfully submit "for the use of the legislature, the Aggregate Returns from the Cities and Towns of the Commonwealth arranged by counties, so as to exhibit the total valuation of the Towns, Cities, Counties, and State" on the first day of May, 1865.

By comparing the recapitulation of these Aggregates with that of 1864, it will be observed that all the counties, with the exception of Franklin, show an increase of their valuation; the total valuation of the Commonwealth having been increased by the sum of eighty-nine million nine hundred and fifty-eight thousand seven hundred and ninety-eight dollars; of which sum sixty-one million four hundred and ninety-five thousand one hundred and eight dollars, was in personal estate. The taxes exceed those of last year by nearly four million dollars. The number of sheep has been decreased by over eight thousand; of cows, nine thousand; of horses, two thousand.

Appended to this Report will be found a table showing the differences between the Aggregates as returned by the Cities and Towns of the Commonwealth in 1861, and those of the present year.

Very respectfully,

OLIVER WARNER,

Secretary.

SECRETARY'S DEPARTMENT, BOSTON, 1866.

To the Honorable Senate and House of Representatives.

In accordance with the provisions of section 3, chapter 167 of the statutes of 1861, I respectfully submit "for the use of the legislature, the aggregate returns from the cities and towns of the Commonwealth, arranged by counties, so as to exhibit the total valuation of the towns, cities, counties and State," on the first day of May, 1866. The recapitulation of these aggregates shows an increase over those of 1865 in every county except Dukes, the total increase amounting to eighty-nine million four hundred and seventy-four thousand one hundred dollars. The aggregate valuation the present year amounts to ten hundred and eighty-one million three hundred and sixteen thousand and one dollars. The taxes raised in the several cities and towns during the same period have been decreased more than a million dollars, as compared with the previous year. The number of dwellings, horses and cows has increased, while the number of sheep has somewhat decreased.

Very respectfully,

OLIVER WARNER,
Secretary.

SECRETARY'S DEPARTMENT, BOSTON, }
December, 1867. }

To the Honorable Senate and House of Representatives.

In accordance with the provisions of section 4, chapter 167 of the statutes of 1861, I respectfully submit "for the use of the legislature, the aggregate returns from the cities and towns of the Commonwealth, arranged by counties, so as to exhibit the total valuation of the towns, cities, counties and State," on the first day of May, 1867. Their recapitulation shows an increase in each of the counties, amounting in the aggregate to over eighty-four millions of dollars. The aggregate valuation for the present year reaches the sum of eleven hundred and sixty-five million eight hundred and ninety-three thousand four hundred and thirteen dollars.

There has been a decrease in the number of sheep returned of over twenty thousand. This is undoubtedly owing to the fact that woollen fabrics have greatly decreased in value, rendering wool-growing unproductive. The first year of the war the number of sheep returned was 81,000, the second year 137,000, the third 151,000, while the maximum was reached in 1865, the number being 161,000. In 1866 they had decreased to 157,000, and for the present year only 137,000 are returned. These figures seem to indicate the material prosperity of this interest as surely as the barometer denotes the changes of the weather. The amount raised for taxation in the various cities and towns for the year 1867 was \$19,104,074.79, being an increase over the preceding year of \$3,410,035.72.

Very respectfully,

OLIVER WARNER,

Secretary.

SECRETARY'S DEPARTMENT, BOSTON, }
December, 1868. }

To the Honorable Senate and House of Representatives.

I respectfully submit for the use of the legislature, the Eighth Annual Abstract containing the Aggregates of Polls, Property, Taxes, &c., as assessed May 1, 1868, in accordance with the provisions of section 4, chapter 167 of the statutes of 1861. Their recapitulation shows a gratifying increase of fifty-four millions six hundred and five thousand five hundred and twenty-six dollars, exhibiting a total valuation for the State of twelve hundred and twenty millions four hundred and ninety-eight thousand nine hundred and thirty-nine dollars. The relative values in the counties of Norfolk and Suffolk have been somewhat changed, growing out of the fact of the annexation of Roxbury to Boston. The sum raised for taxation the past year in the Commonwealth has decreased by the sum of nearly three million dollars.

Very respectfully,

OLIVER WARNER,
Secretary.

SECRETARY'S DEPARTMENT, BOSTON, }
December, 1869. }

To the Honorable Senate and House of Representatives.

The Ninth Annual Abstract, containing the Aggregates of Polls, Property, Taxes, &c., as assessed May 1, 1869, in accordance with the law of 1861, chapter 167, section 4, is herewith respectfully submitted. The total valuation of the State, as exhibited by these returns, has reached the sum of \$1,341,069,403, being an increase of over \$120,000,000 for the year ending May 1, 1869, against \$54,000,000 for the preceding year.

Dorchester, with a valuation exceeding \$20,000,000, appears for the last time on the roll of Norfolk County, having been annexed to Boston. Every county in the Commonwealth shows an increased valuation except Dukes, which remains nearly stationary. The amount raised for the purposes of taxation was largely increased in 1869, amounting to over \$20,000,000, of which Boston alone contributed over seven and one-half millions, increasing her tax in the period under consideration more than a million and a half, in round numbers. Nearly seven thousand dwellings have been added to the comfort and convenience of the people, and a gratifying increase appears in all the essential elements of a general prosperity.

Very respectfully,

OLIVER WARNER, *Secretary.*

SECRETARY'S DEPARTMENT, BOSTON, }
December, 1870. }

To the Honorable Senate and House of Representatives.

In accordance with the provisions of section 4, chapter 167 of the Acts of 1861, I respectfully submit for the use of the Legislature, the Tenth Annual Abstract, containing the Aggregates of Polls, Property, Taxes, &c., as assessed May 1, 1870. By the returns of the assessors, it appears that over seventy-five million dollars have been added to the taxable property of the Commonwealth since the previous report; and during the decade the present year marks since this system of statistics was adopted, the valuation of the Commonwealth has grown from eight hundred sixty-one million five hundred forty-seven thousand five hundred eighty-three dollars (\$861,547,583) to fourteen hundred seventeen million one hundred twenty-seven thousand three hundred seventy-six dollars (\$1,417,127,376), being an increase of five hundred fifty-five million five hundred seventy-nine thousand seven hundred ninety-three dollars (\$555,579,793), or sixty-four per cent. The island counties have gradually decreased their valuation during this period, while the other counties have shown a steady increase. These returns are now much sought after by persons having to do with real estate, and are looked upon as authority in such matters. The design of the law which originated them was undoubtedly to obviate the necessity of a valuation committee each decade, or half decade, as the returns would seem to present the necessary items on which to base and apportion the rate of tax. The amount raised for the purposes of taxation, throughout the State, for the past year was nearly twenty-two million dollars.

Very respectfully,

OLIVER WARNER, *Secretary.*

SECRETARY'S DEPARTMENT, BOSTON, December, 1871.

To the Honorable Senate and House of Representatives.

The Eleventh Annual Abstract, containing the Aggregates of Polls, Property, Taxes, &c., as assessed May 1st, 1871, required by the provisions of section 4, chapter 167 of the Acts of 1861, is herewith submitted for the use of the legislature.

The increase in the taxable property of the Commonwealth, as exhibited by the returns of the assessors, over the previous year, is more than eighty millions of dollars; giving a grand total of valuation for the State of fourteen hundred ninety-seven million three hundred fifty-one thousand six hundred eighty-six dollars (\$1,497,351,686). This increase, gratifying as it is, seems to be confined to the larger cities and towns, while there seems to have been something like a uniform decrease in many towns not specially noted for manufactures. In the county of Plymouth the valuation is decreased more than a million dollars; only five towns in the county showing an increase. Barnstable and Hampshire also show a proportionate decrease, and Franklin and Nantucket a slight falling off. By chapter 125 of the Acts of 1871, the Tax Commissioner was charged with the duty of preparing a new apportionment of the State and county taxes, based upon these returns for various years, so that the burdens of taxation may be better equalized, without the necessity of a special valuation committee, with its attendant expense.

Very respectfully,

OLIVER WARNER,
Secretary.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, BOSTON, December, 1872.

To the Honorable Senate and House of Representatives.

The Twelfth Annual Abstract of Polls, Property, Taxes, &c., as assessed May 1st, 1872, is herewith submitted for the use of the legislature, in accordance with the provisions of section 4, chapter 167 of the Acts of 1861. The returns of the assessors from which these tables are compiled, show an increase in the valuation of the Commonwealth of nearly two hundred million dollars (\$199,248,283) over those of the previous year, showing a gain in every county in the State for the first time in the history of these statistics.

In 1861 the valuation was \$861,547,583; in 1872 it has reached the sum of \$1,696,599,969, thus almost doubling itself in little more than a decade,—a material prosperity which few of the older States present. Under the authority of the Acts of 1871, the Tax Commissioner prepared a new apportionment of the state tax based mainly on the returns comprised in this abstract. His report was embodied in the Acts of 1872, chapter 259, establishing the Polls and Estates of the Commonwealth, which greatly equalized the rate of tax, thus answering the design of the law without the necessity and expense of a special valuation committee.

There appears from year to year quite a discrepancy in the area of acres taxed in the different towns, which ought to be more uniform. In some instances this may be accounted for by legislation contained in chapter 306 of the Acts of 1872, which provides for taxing of lands lying under mill-ponds, &c. By this Act the city of Fall River returned nearly 3,000 more acres than previously.

The whole amount of tax raised throughout the Commonwealth for the past year for state, county and town purposes, was \$22,911,883. Nahant had the lowest rate per cent., assessing only \$3.50 on the thousand dollars; while in Monroe, in Franklin County, it was more than ten times as large, being \$37.30 on the thousand. The average or mean rate for the State is \$13.50 per \$1,000.

Very respectfully,

OLIVER WARNER, *Secretary.*

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, BOSTON, January 20, 1874.

To the Honorable Senate and House of Representatives.

In submitting the Thirteenth Annual Abstract of Polls, Property, Taxes, &c., as assessed May 1st, 1873, in accordance with the provisions of section 4, chapter 167 of the Acts of 1861, I have to remark that, notwithstanding the great fire of November, 1872, which swept away over eighty millions of property, the valuation of the Commonwealth still shows an increase of \$66,829,921. This gain has been entirely in the real estate, the personal property having decreased in the sum of \$27,895,871, making a gross gain in real estate of more than ninety-four millions of dollars. The marked inequality in the rate of taxation which exists between the older towns in the back counties, where the pursuits and occupations of the people are mostly confined to agriculture, and the flourishing towns of the seaboard and large manufacturing places, is most striking, and would seem to call for the intervention of legislation. The rate of the state tax has been established substantially upon the bases of these returns for the year 1871, since which time there have been great changes,—the inland towns having greatly decreased in polls, property and population, while on the seaboard and in the manufacturing towns values have appreciated and population rapidly increased.

The true method would seem to be to equalize these burdens by changing the rate of taxation as often as such a state of things demands. By an inspection of these tables, compiled from the returns of the assessors of the various towns in the Commonwealth, the rate per cent. of tax, it will be

seen, was highest in the town of Pelham, in Hampshire County, being \$34 on the \$1,000; while in Nahant, in Essex County, it was the lowest, being only \$4.20 on the \$1,000. The rate was 3 per cent. in Gay Head, $3\frac{20}{100}$ per cent. in Monroe, and $3\frac{5}{100}$ per cent. in Townsend.

In Kingston it was only $\frac{55}{100}$ of one per cent., in Mattapoisett, $\frac{65}{100}$, in West Roxbury, $\frac{86}{100}$, in Stow, $\frac{89}{100}$, in Weston, $\frac{91}{100}$, and in Canton, $\frac{92}{100}$ of one per cent. The number of dwellings has increased during the past year from 233,787 to 243,290. The area of the State seems to be as elastic and flexible as ever, the number of acres of land taxed being returned as 4,451,137. In 1872 it was 4,453,968, and in 1871, 4,447,087.

This is chiefly owing, no doubt, to a different construction of the provisions of law by different assessors touching this subject. Notwithstanding the ravages of the "horse disease" of 1872, the number of horses has increased since the last report by the number of 6,571. Considering the unusual drawbacks on the prosperity of the Commonwealth for the past year, the present exhibit of the assessors' returns gives no token for discouragement.

Very respectfully,

OLIVER WARNER, *Secretary*.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, Jan. 17, 1876.

To the Honorable Senate and House of Representatives.

The present Report marks the Fifteenth Annual Abstract of Polls, Property, Taxes, etc., as assessed May 1, 1875, in accordance with the provisions of section 4, chapter 167 of the Acts of the year 1861.

A decade and a half has tested the wisdom of these returns, and their tabulation shows at a glance the condition of the Commonwealth as to valuation, polls, municipal taxation, dwellings, stock, and all the details of the assessors' department, with an exactness which renders this publication almost a handbook for consultation by those who are seeking statistics of this kind.

Owing to a general shrinkage of all values, both real and personal, the increase in the taxable property of the Commonwealth has not been large, the excess over that of 1874 being only \$9,131,541.

While this amount is small, compared with previous years, an agreeable offset is to be found in the amount of taxes raised in the various municipalities, they having fallen largely below those of the previous year.

The total amount raised in 1874 for state, county and town purposes being \$28,700,605, while for the year 1875 there has only been assessed the sum of \$27,712,396; a diminution of \$988,309, almost a million dollars.

More than seven thousand new dwelling-houses have been erected, and the number of horses, cows and sheep has increased in a corresponding ratio.

While the number of polls has increased some three thousand (3,000), the taxation in the gross has decreased.

Attention was called last year to the inequality of the amount of tax assessed on polls in the different cities and towns, and already more uniformity is observable in this direction.

Last year, the counties of Barnstable, Bristol and Suffolk were cited as counties where the poll-tax was uniform at \$2. Nantucket may be added this year; and Norfolk, with the exception of Weymouth.

The other exceptions are as follows, by counties: *Berkshire*—Becket, Dalton, Hinsdale, Monterey, Otis, Sandisfield, Savoy and Washington; *Dukes*—Gay Head and Tisbury; *Essex*—Groveland, Lynnfield and Methuen; *Franklin*—Buckland, Charlton, Erving, Orange, Shelburne and Warwick; *Hampden*—Agawam and Blandford; *Hampshire*—Amherst, Hatfield and Worthington; *Middlesex*—Arlington, Ashby, Ashland, Bedford, Billerica, Chelmsford, Concord, Everett, Hopkinton, Lexington, Lincoln, Malden, Medford, Reading, Stoneham, Wakefield, Wayland and Winchester; *Plymouth*—Duxbury, Middleborough and Pembroke; *Worcester*—Ashburnham, Athol, Barre, Bolton, Dana, Douglas, Dudley, Hardwick, Harvard, Hubbardston, Leominster, Oakham, Petersham, Phillipston, Royalston, Rutland, Southbridge, Sutton, Templeton, Webster, Westminster and Winchendon.

It will be observed that the great counties of Middlesex and Worcester furnish the larger portion of towns so assessing.

Among all these exceptions, only the towns of Gay Head in *Dukes*, Erving in *Franklin*, and Amherst in *Hampshire* assessed a *less* rate than \$2 to each poll.

The most noticeable departure from the usual rate of \$2 tax on each poll is to be found in the towns of Arlington, Everett and Winchester in *Middlesex*. In Arlington it was nearly \$4, in Everett quite \$4, and Winchester \$5 to the poll.

Monroe in *Franklin* and Nahant in *Essex* maintain their relative positions as to the rate of taxation, the former town having increased to \$41.50 per \$1,000, while the latter stands at \$5 per \$1,000 of tax,—being representative towns of the two extremes of light and burdensome taxation.

Large discrepancies having existed in these returns from year to year as to the number of acres of land taxed in the cities and towns, in some instances amounting to thousands of acres, the following circular was sent to the several assessors :—

“ SECRETARY’S DEPARTMENT, BOSTON, Jan. 23, 1875.

“ *To the Assessors of* _____.

“ GENTLEMEN :—I notice in the return of ‘ Table of Aggregates ’ made from your town, for several years past, a discrepancy in the reply to the 12th interrogatory : ‘ Total number of Acres of Land taxed in your City or Town.’

“ The errors referred to are not confined to your town, but are common to very many of the towns in the Commonwealth. In some instances the number of acres given largely exceeds the area given for previous years, and in others show a reduction, in some the difference amounting to *thousands of acres*.

“ As it is very desirable that these returns should approximate to correctness in this particular, and (when not affected by annexation or legislative changes of town lines) that uniformity should be observed in returning the area of your town, it is presumed, upon your attention being called to it, the defect will be remedied.

“ I herewith forward to you the Annual Abstract of Polls, Property, Taxes, etc., etc., for the year 1874.

“ Respectfully yours,

“ OLIVER WARNER, *Secretary*.”

The returns of the present year show a marked improvement in this particular, evincing commendable care on the part of the authorities to remedy such errors, the number of acres returned agreeing very nearly with those of 1873.

Great care has been taken in the preparation of this Abstract, and, after much correspondence with the various assessors, it is believed they are as nearly correct as the nature of their data will justify.

Very respectfully,

OLIVER WARNER,
Secretary.

1878.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, November 1, 1877.

To the Honorable Senate and House of Representatives.

THE Seventeenth Annual Abstract of Polls, Property, Taxes, etc., as assessed May 1, 1877, is herewith submitted, in accordance with the provisions of section 4, chapter 167, Acts of 1861.

The diminution in the valuation as compared with 1876 is \$101,082,773 against \$70,943,146 reported last year. This loss is divided as follows:— Personal estate, \$30,439,675 against \$22,618,092 last year; real estate, \$70,643,098 against \$48,325,054 last year. The continued depression in business is reported as the general cause of this diminution. Of the 323 towns and 19 cities in the Commonwealth, 86 towns and 4 cities report an increase in personal estate, 156 towns and 4 cities an increase in real estate, and 100 towns and 3 cities an increase in total valuation.

The decrease in the "total tax" is \$861,864 against \$2,933,957 reported last year. A reduction of \$300,000 in the State tax will account for a portion of the decrease: 143 towns and 6 cities report an increase.

An increase in the number of dwelling-houses of 4,404 against 5,411 last year is reported: 66 towns report a decrease, and 39 towns the same number as last year. The towns generally have decided to report only inhabitable buildings as dwelling-houses; this with exemptions, &c., accounts for the losses.

An increase of 891 horses against a decrease of 2,672 last year is reported: 164 towns and 13 cities report a decrease; 10 towns and 1 city the same number as last year.

An increase of 1,913 cows against 355 last year is reported: 124 towns and 5 cities report a decrease, and 7 towns the same number as last year.

A decrease of 2,581 sheep against 1,490 last year is reported: 112 towns and 1 city report an increase, and 76 towns and 11 cities the same number as last year. Of the latter, 49 towns and 9 cities reported none last year.

An increase of 4,776 polls against a decrease of 5,081 last year is reported: 144 towns and 9 cities report a decrease, and 9 towns the same number as last year.

The towns of Eastham in the county of Barnstable, and Gay Head in Dukes County, are the only towns reporting a less rate than two dollars as the poll-tax; the rate of the former town is one dollar and forty cents, the latter one dollar and fifty cents.

The highest rate of tax on each \$1,000 is \$29.00 in the town of Monroe, county of Franklin; and the lowest, \$4.48, in the town of Gosnold, in Dukes County. An average of the rates as reported is about \$13.14.

A decrease in the number of acres *taxed* of 19,236 against an increase of 16,071 last year is reported: 119 towns and 6 cities report an increase, and 111 towns and 9 cities the same number as last year. Correction of errors in previous returns, and exemption from taxation, are given as the cause of this decrease.

The statements in tabular form on pages 5 and 6 give in detail the increase or decrease in the whole State by counties and cities.

Very respectfully,

HENRY B. PEIRCE,
Secretary.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, October 23, 1878.

To the Honorable Senate and House of Representatives.

THE Eighteenth Annual Abstract of Polls, Property, Taxes, etc., as assessed May 1, 1878, is herewith submitted, in accordance with the provisions of section 4, chapter 167, Acts of 1861.

The town of North Adams, formerly a part of Adams, in the county of Berkshire, and the town of Hampden, formerly a part of Wilbraham, in the county of Hampden, have been incorporated since May 1, 1877. The total number of towns is 325; cities, 19: but, for *comparison* with last year's figures, the returns of the two new towns have been added to those of the towns to which they originally belonged.

The diminution in the valuation, as compared with 1877, is \$99,238,572 against \$101,082,773 reported last year. This loss is divided as follows: Personal estate, \$26,212,567 against \$30,439,675 last year; real estate, \$73,026,005 against \$70,643,098 last year. This decrease is mainly caused by exemption of certain property from taxation under chapter 206, Acts of 1878, and by the continued depression in business: 86 towns and 3 cities report an increase in personal estate, 137 towns and 4 cities an increase in real estate, and 95 towns and 2 cities an increase in total valuation.

The decrease in the "total tax" is \$2,730,202 against \$861,864 reported last year. A reduction of \$500,000 in the State tax will account for a portion of the decrease: 100 towns and 4 cities report an increase.

The "Rate of Total Tax" has been changed in the regular tables from "per \$100" to "per \$1,000," that being the usual method of rating taxes.

An increase in the number of dwelling-houses of 3,491 against 4,404 last year is reported: 170 towns report a decrease, and 36 towns the same number as last year. The towns generally have decided to report only inhabitable buildings as dwelling-houses: this, with an increase in the number exempted, will account for the losses.

An increase of 1,229 horses against 891 last year is reported: 130 towns and 13 cities report a decrease; 11 towns the same number as last year.

An increase of 7,103 cows against 1,913 last year is reported: 85 towns and 10 cities report a decrease, and 9 towns the same number as last year.

An increase of 404 sheep against a decrease of 2,581 last year is reported: 133 towns and 4 cities report a decrease, and 70 towns and 10 cities the same number as last year. Of the latter, 57 towns and 10 cities reported none last year.

An increase of 4,548 polls against 4,776 last year is reported: 140 towns and 7 cities report a decrease, and 6 towns the same number as last year.

The town of Gay Head, in Dukes County, reports one dollar and fifty cents as the rate of tax on polls: all the other towns and cities report a rate of two dollars.

The highest rate of tax on each \$1,000 is \$39.00 in the town of Monroe, county of Franklin; and the lowest, \$4.34 in the town of Gosnold, in Dukes County. An average of the rates as reported is about \$12.97.

An increase in the number of acres *taxed* of 17,281 against a decrease of 19,236 last year is reported: 112 towns and 5 cities report a decrease, and 102 towns and 10 cities the same number as last year.

The statements in tabular form on pages 5 and 6 give in detail the increase or decrease in the whole State by counties and cities.

Very respectfully,

HENRY B. PEIRCE,
Secretary.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, Oct. 30, 1879.

To the Honorable Senate and House of Representatives.

THE Nineteenth Annual Abstract of Polls, Property, Taxes, etc., as assessed May 1, 1879, is herewith submitted, in accordance with the provisions of section 4, chapter 167, Acts of 1861.

In the six additional columns provided by chapter 72, Acts of 1879, a majority of the figures, where any have been returned, are found, upon examination and inquiry, to be *estimates*. The assessors state that the exact figures cannot be obtained.

The diminution in the "total valuation," as compared with 1878, is \$39,367,196 against \$39,338,572¹ reported last year. This loss is divided as follows: Personal estate, \$11,659,267 against \$26,212,567 last year; real estate, \$27,707,929 against \$73,126,005¹ last year. There are 19 cities and 325 towns in the Commonwealth: of these, 2 cities and 121 towns report an increase in personal estate, 3 cities and 136 towns an increase in real estate, and 1 city and 113 towns an increase in the total valuation.

The decrease in the "total tax" is \$173,904 against \$2,730,202 reported last year. 4 cities and 105 towns report an increase.

An increase in the number of dwelling-houses of 3,135 against 3,414² last year is reported: 2 cities and 61 towns report a decrease, and 47 towns the same number as last year.

An increase of 3,100 horses against 1,229 last year is reported: 8 cities and 103 towns report a decrease; 1 city and 7 towns the same number as last year.

¹ Corrected: see note on page 24.

² Corrected: see note on page 20.

An increase of 7,170 cows against 7,103 last year is reported: 4 cities and 66 towns report a decrease, and 1 city and 4 towns the same number as last year.

An increase of 4,403 sheep against 404 last year is reported: 7 cities and 94 towns report a decrease, and 9 cities and 78 towns the same as last year. Of the latter, 9 cities and 62 towns reported none last year.

An increase of 7,467 polls against 4,548 last year is reported: 6 cities and 158 towns report a decrease, and 12 towns the same number as last year. The "total number of polls" as returned by some towns includes the number of females assessed under the provisions of chapter 223, Acts of 1879; but the number is quite small.

The highest rate of poll-tax is \$2.00. 11 cities and 54 towns report that rate, and 1 city and 6 towns report \$1.00, which is the lowest. An average of the rates as reported is about \$1.77. The change and variation in rates is due to the provisions of chapter 299, Acts of 1879.

The highest rate of tax on each \$1,000 is \$31.00 in the town of Monroe, county of Franklin; and the lowest \$2.25, in the town of Carlisle, county of Middlesex. An average of the rates as reported is about \$17.40: of this about 30 cents is State tax, the balance being county, city, or town taxes. An increase in rates is reported in 7 cities and 122 towns, and 24 towns report the same rates as last year.

An increase in the number of acres assessed, of 319 against 17,281 last year, is reported: 4 cities and 129 towns report a decrease, and 9 cities and 94 towns the same number as last year.

The statements in tabular form on pages 5 and 6 give in detail the increase or decrease in the whole State by counties and cities.

Very respectfully,

HENRY B. PEIRCE,

Secretary.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, Oct. 29, 1880.

To the Honorable Senate and House of Representatives.

THE Twentieth Annual Abstract of Polls, Property, Taxes, etc., as assessed May 1, 1880, is herewith submitted, in accordance with the provisions of section 4, chapter 167, Acts of 1861.

The abstracts for the years 1876-7-8 and 9 show a decrease in the "total valuation"; the total loss between 1875 and 1879 being \$310,731,687. This year an increase of \$55,235,788 is reported, making the difference between the present valuation and that of 1875, \$255,495,899.

The town of Cottage City, formerly a part of the town of Edgartown, in the county of Dukes County, has been incorporated since May 1, 1879, making the number of towns 326. There are 19 cities. But for *comparison* with the figures of the year 1879 the returns of these two towns have been added together.

The *increase* in the "total valuation", as compared with 1879, is \$55,235,788 against a *decrease* of \$39,367,196 reported last year. This *gain* is divided as follows: personal estate, \$34,824,951 against a *loss* of \$11,659,267 last year; real estate, \$20,410,837 against a *loss* of \$27,707,929 last year.

Two cities and 94 towns report a decrease in personal estate, 107 towns a decrease in real estate, and 2 cities and 88 towns a decrease in total valuation.

The *increase* in the "total tax" is \$3,743,094 against a *decrease* of \$173,904 reported last year. The addition of \$1,000,000 to the State tax will account for a portion of this increase. 4 cities and 66 towns report a decrease.

An increase in the number of dwelling-houses of 4,205 is reported: increase last year 2,935.¹ 2 cities and 78 towns report a decrease, and 23 towns the same number as last year.

¹ Corrected: see notes on pp. 12 and 24.

An increase of 7,344 horses is reported : increase last year 3,100. 3 cities and 85 towns report a decrease, and 5 towns the same number as last year.

An increase of 8,550 cows is reported : increase last year 7,170. 2 cities and 104 towns report a decrease, and 5 towns the same number as last year.

An increase of 5,792 sheep is reported : increase last year 4,403. 3 cities and 99 towns report a decrease, and 10 cities and 74 towns make the same report as last year. Of the latter, 10 cities and 63 towns reported none last year.

An increase of 22,542 polls is reported : increase last year 7,467. 1 city and 106 towns report a decrease, and 8 towns the same number as last year.

The highest rate of poll tax, viz., \$2.00, is assessed in all but 1 city and 17 towns ; the lowest is \$1.00 in the city of Chelsea and the towns of Revere and Winthrop, county of Suffolk ; 15 towns report rates from \$1.50 to \$1.96.

The highest rate of tax on each \$1,000 is \$33.00 in the town of Monroe, county of Franklin ; and the lowest, \$4.00 in the town of Groton, county of Middlesex.

The rates in the other cities and towns are as follows, viz., 3, \$26.00 to \$28.60 ; 14, \$20.00 to \$23.70 ; 103, \$15.00 to \$19.50 ; 167, \$10.00 to \$14.90 ; 55, \$5.20 to \$9.80 ; and 1, \$4.22. A decrease in rates is reported in 2 cities and 77 towns, while 2 cities and 25 towns report the same rate as last year.

An increase in the number of acres assessed, of 13,198 is reported : increase last year 319. 3 cities and 94 towns report a decrease, and 12 cities and 89 towns the same number as last year.

No comparisons have been made of the figures in the six additional columns provided by chapter 72, Acts of 1879, as a large number of the returns are *estimates*, and others are incomplete. The assessors state that the exact figures cannot be obtained, as there is no provision of law compelling parties to give the required information. With these exceptions the statements in tabular form on pages 5 and 6 give in detail the increase or decrease in the whole State by counties and cities.

Very respectfully,

HENRY B. PEIRCE,

Secretary.

In the abstract for 1879 it was stated that, “ In the six additional columns provided by chapter 72, Acts of 1879, a majority of the figures, where any have been returned, are found, upon examination and inquiry, to be *estimates*. The assessors state that the exact figures cannot be obtained.” In 1880, that “ A large number of the returns are *estimates*, and others are incomplete. The assessors state that the exact figures cannot be obtained, as there is no provision of law compelling parties to give the required information.” And in 1881, that “ A large number of the returns are incomplete.” The comparisons made last year seemed to indicate plainly, without additional remarks, that legislation was needed as regards these columns. As it is impossible, under the present law, to obtain accurate figures, they are useless, and should be removed from the table; or, if retained, the law should be amended so that the assessors can obtain correct figures.

The statements in tabular form on pages 8 and 9 give in detail the increase or decrease in the whole Commonwealth by counties and cities.

Very respectfully,

HENRY B. PEIRCE,

Secretary.

ERRATA.

The "Total Tax," etc., "Rowley, 716,334" as printed on page 14 is a typographical error, the correction of which makes the following changes necessary, viz.:—
